LEAVE POLICY

Document ID: BO-HR-002 | Version: 2.0 | Effective Date: 01-Apr-2026

Document Status: Approved Owner: Human Resources / Corporate Operations

1. Purpose and Scope

This policy defines paid leave categories, eligibility, carry-forward rules, application procedures, and approval requirements for BlueOrbit employees.

Leave balances are maintained in the employee HR system. This policy describes the rules; it does not provide an employee's individual balance.

2. Leave Categories and Annual Entitlement

Casual Leave (CL): 12 days per calendar year.

Earned Leave (EL): 18 days per calendar year for eligible employees.

Sick Leave (SL): 12 days per calendar year.

Leave is generally prorated for employees joining during the calendar year, subject to HR rules and employment terms.

3. Casual Leave

Casual leave is intended for short personal needs, appointments, urgent family matters, or other brief absences.

Employees should request casual leave in advance where reasonably possible.

Casual leave normally cannot be carried forward beyond the calendar year.

4. Earned / Annual Leave

Earned leave is intended for planned vacations and longer personal breaks.

Carry-forward limit: up to 12 unused earned-leave days may be carried into the following calendar year.

Any balance above the permitted carry-forward limit is normally forfeited at year-end unless HR approves an exception.

5. Sick Leave

Sick leave is intended for illness or medical recovery.

Employees should notify their manager as soon as practicable when illness prevents attendance.

A medical certificate may be requested for extended absence or where required by HR.

6. Eligibility and Probation

Employees become eligible for leave according to their employment terms and applicable statutory requirements.

During probation: employees may use accrued eligible leave subject to manager approval and HR rules. Leave does not automatically become available in full on the joining date.

7. Carry-Forward Rules

Only earned leave is eligible for standard carry-forward.

Maximum carry-forward: 12 earned-leave days into the next calendar year.

Casual and sick leave balances normally expire at the end of the calendar year unless applicable law or an approved exception provides otherwise.

8. Leave Application Process

- Submit the leave request through the HR/leave management system.
- Select the leave category and requested dates.
- Provide a brief reason when the system or manager requires one.
- Obtain manager approval before taking planned leave.
- Update the request promptly if dates change.

9. Manager Approval and Emergency Leave

Managers review leave based on team coverage, business needs, and policy eligibility.

Emergency leave may be communicated by phone or approved communication channel when advance application is not practical. The employee should regularize the leave request in the HR system afterward.

10. Leave During Notice Period

Leave during the notice period requires manager and HR approval and may be subject to operational requirements and applicable employment terms.

11. Questions and Escalation

For policy interpretation, contact HR. For an employee's current balance, use the HR system or the employee leave-balance service rather than this document.
